

SECURICARD PLUS:

**lost a valuable object?
Securicard Plus has you covered.**

It pays even more to protect your valuables: with Securicard Plus coverage, you benefit from comprehensive insurance coverage in the event of misuse, loss, theft, or robbery. You can rest assured when on the go.

The Securicard card-blocking service.

Losing your payment card, personal ID, or cell phone often means spending a lot of time to replace them and being at risk of misuse, not to mention incurring the blocking and reissuing costs. Thanks to Securicard, all it takes is just one call, and with our round-the-clock service, we'll arrange for your cards to be blocked, in most cases immediately apply for new cards to be issued, and, depending on coverage, assume the costs for blocking and for replacement cards.

Securicard key return service.

Thanks to a key ring with an anonymous number, your keys will find their way back to you.

- Whoever finds the keys simply needs to drop them as is in the nearest letter box of the Swiss Post.
- Thanks to a long-standing partnership, the keys come to us, and we find the owner by means of the number.
- After first making contact by phone, we then send the keys to their lawful owner at no charge. It's as simple as that.

SECURICARD PLUS.

One call is all it takes.
